Grades: Standard, post-formable, magnetic whiteboard, chalkboard, chemical resistance, scuff resistant, antibacterial, antistatic.

SURPAC

SELF SUPPORTING SUBSTRATE

A moisture resistant sheet material with high mechanical strength. Ideally suited to high traffic areas as toilet partitions, hospitals, change rooms, playgrounds and furniture.

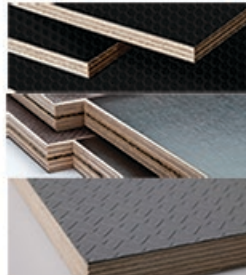

Available Thicknesses:
2.5, 3, 5, 6, 8, 10, 13mm
Digital Print Available

MAGNETIC & WHITEBOARD LAMINATE

Surface Squared Magnetic and Whiteboard Laminate is a high pressure laminate from Abet.

Ideal for domestic, commercial and educational communication.

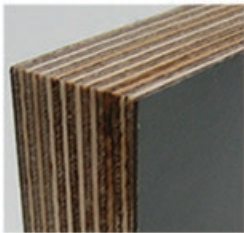

SURPLY

EO CERTIFICATION
5 STAR COMPLIANT

Multilayered plywood that has low moisture and excellent machinability.

Available with a variety of pre finished surfaces.

Applications: mezzanine floors, childcare playgrounds, noise abatement

HPL ON WHITE BIRCH

A product ideally suited for table tops and commercial furniture, with white birch in your favourite Abet Laminati colour.

HOLZ IN FORM

Embossed and textured timber panels for architectural applications. Various 'structures' available in both timber veneer or lacquered finishes.

Applications include wall panelling and feature joinery for restaurants, bars, kitchens, bathrooms, office furniture. Edging to match.

ABS EDGEBANDING

Surface Squared offers a wide variety of Edgebanding products from Hraniplex to complement our High Pressure Laminate and timber decorative surfaces.

Colour matching available.

ABET LAMINATI - LINERS

Abet Laminati's commitment to quality follows through to its range of liners.

Providing 8 different finishes for the right look on the interiors and undersides of your joinery.
