Fundermax

No matter whether it's furniture, facades, or interior design: where ideas and materials meet, you'll find Fundermax. As a global market leader in the field of compact panels and a manufacturer of high-quality wood-based materials and laminates, the company is proud to look back on a history spanning 130 years. The continued success is based on the highest quality, innovative and varied design, and sustainable production. Made in Austria—with great love for wood as a natural material, creations, and imagination.

- modern production facilities in Austria and Norway
- around 1,500 employees
- annual sales of €500 million
- part of Constantia Industries AG
- The Austrian Excellence Award (2018)
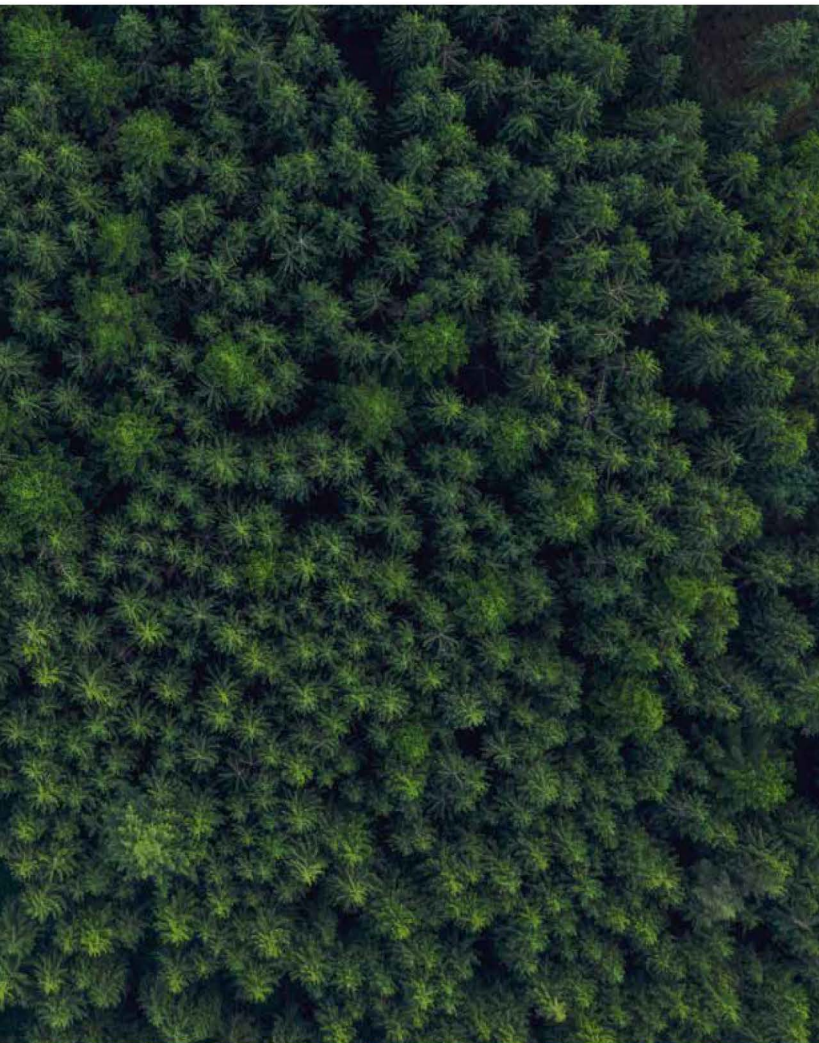

More
than
boards.

1 Sustainability and the Environment

Offering high-quality wood based compact, and HPL panels with various decors, Fundermax positions itself at the very heart of the architecture of a building. We design and manufacture a broad spectrum of products made from natural materials that are easy to work with, in order to provide architects, designers, facade designers, interior designers, and industrial companies with solutions that stand the test of time.

Fundermax has been processing natural materials with precision and love for 130 years. Today, we are manufacturers of high-quality timber composite materials and a global leader in compact laminates for both internal and external applications. Fundermax stands for nothing less than top quality and excellent design.
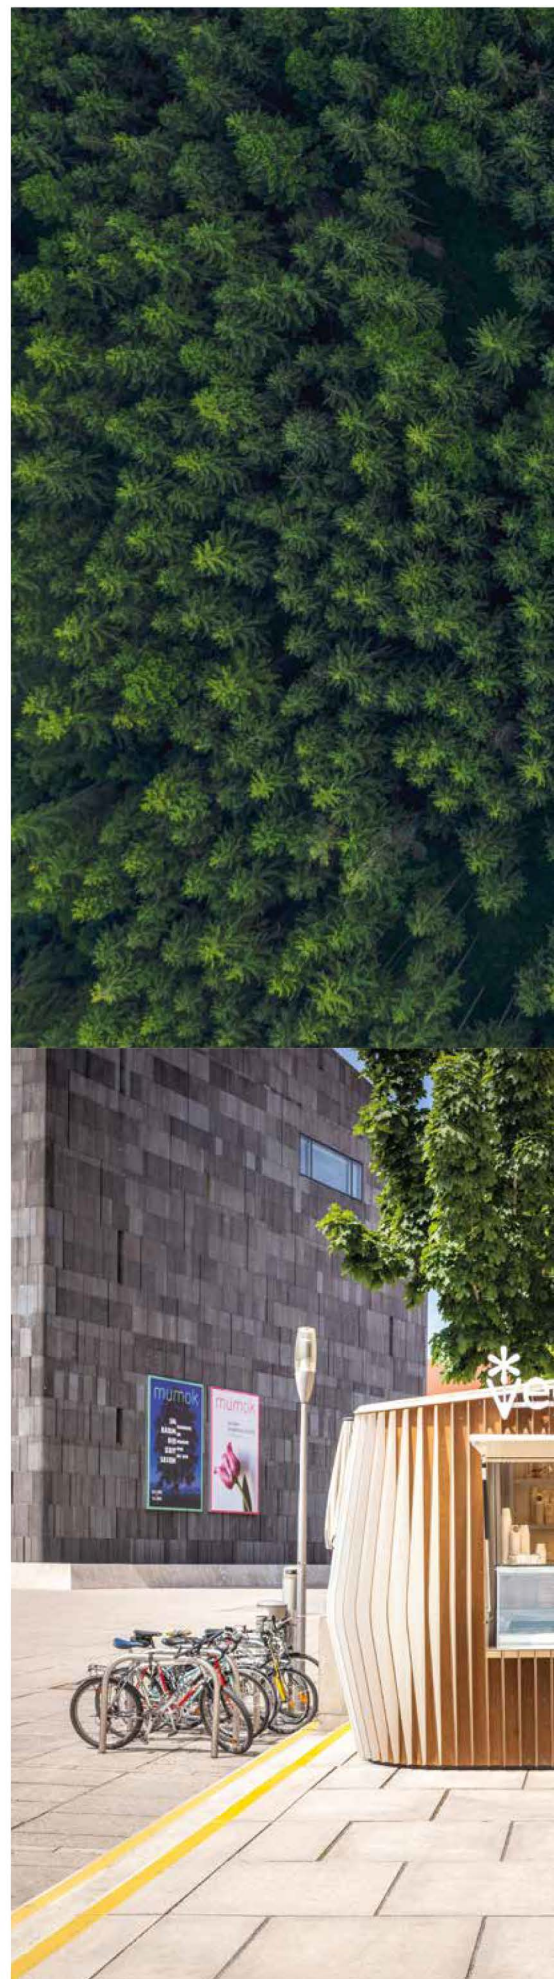

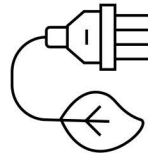

100% wood and paper

comes from sustainable and
certified forestry management.

10,000 t CO_2

saved every year

100% green electricity

generated during production.

This and much more is what makes Fundermax a
sustainable company, always looking to the future.

Sustainability Brochure

2 Exterior 2.3 | Essential Collection

Fundermax Exterior is synonymous with product quality, sustainability, innovation, and design freedom. We developed the overarching new Exterior 2.3 collection in collaboration with international architects and our experienced teams. In order to accommodate your project requirements, we divided it into two subcollections. In the Essential collection, the focus is on maximum choice of decorative finishes and efficiency. In the Pro Surface collection, it's all about design using surface textures and visual effects. For maximum design freedom, there's Fundermax Individual. Create your very own design using Fundermax custom printing or add accents by machining a design directly onto the material surface without the need for further processing. Whatever form your idea takes, the Exterior 2.3 collection from Fundermax opens up a whole world of design possibilities.

For you to create.

Exterior 2.3 Essential

Exterior 2.3 | Essential combines maximum decor choice with maximum size choice.

All of the decors in this collection are supplied in the following five sizes and with the NT surface:

- 2,800 x 1,300 mm = 3.65 m^2
- 4,100 x 1,300 mm = 5.33 m^2
- 3,670 x 1,630 mm = 5.98 m^2
- 2,800 x 1,854 mm = 5.19 m^2
- 4,100 x 1,854 mm = 7.60 m^2

For details, see the delivery programme insert.

NT surface

A silky matte effect creates a delicate shimmer and, together with the fine hammered texture, the result is an aesthetic overall appearance.

Colour

Architecture means providing perspectives and having a powerful influence on public perception.

In our Exterior 2.3 | Essential Colour range, you'll find a full spectrum of colours to allow the message of the architecture to be conveyed in a stand–alone way that makes it one of a kind.

For you to create.

Nature

Whatever people put together in terms of colour, shape, and texture, the world around us has already long since created it in one form or another. There is so much to discover, and most of it will be found in the smallest details.

In our Exterior 2.3 | Essential Nature range, you'll find both bold and subtle wood textures and shades for your project.

Composition of Max Compact Exterior Panels

Acrylic PUR resin
(weather protection)

Decorative paper

HPL–Press

Base paper layer

Core in Kraft paper
(flame–retardant)

The 'Biobased Product' label highlights biobased materials that contain a significant proportion of biomass by certifying their content of biobased materials.

A minimum proportion of biobased material is defined for each product family (60% for facade cladding).

FSC certification guarantees the origin and traceability of timber and paper products with a minimum amount of timber.

Certified products come from sustainable, socially responsible, and economically viable forestry management along the entire supply chain.

PEFC certification guarantees the origin and traceability of timber and paper products with an obligation for improvement.

Certified products come from sustainable forestry management that respects biodiversity and the vitality of ecosystems.

Max Compact Exterior
F Quality

A high-quality construction product bearing the CE label for use as durable balcony and facade cladding. The panels are thermoset high-pressure laminates (HPL) that meet the requirements of EN 438-6, type EDF, with the most effective weather protection thanks to dual-cure acrylic polyurethane resin.

Exterior 2.3

- NT

Sizes**

- 2,800 x 1,300 mm = 3.65 m^2
- 4,100 x 1,300 mm = 5.33 m^2
- 3,670 x 1,630 mm = 5.98 m^2
- 2,800 x 1,854 mm = 5.19 m^2
- 4,100 x 1,854 mm = 7.60 m^2

Thicknesses

Thickness	Tolerance (EN 438-6, 5.3)
2.0 mm	± 0.2 mm
4.0 mm	± 0.3 mm
6.0 mm	± 0.4 mm
8.0, 10.0 mm	± 0.5 mm
12.0, 13.0 mm	± 0.6 mm

Core

- F Quality
- Flame-retardant
- Brown colour

* For the best possible appearance of the facade cladding, installation on an aluminum subframe is recommended. Timber is advised against, as an uneven surface can lead to a wavy appearance.

** Panel sizes with tolerances of +10–0 mm (EN 438-6, 5.3) are standard sizes—if absolute size and angle precision is required, cutting around all sides is recommended. Depending on the cut, the net measurement reduces by approx. 10 mm.

Options
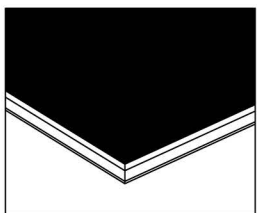

Max Compact Exterior F Quality
Max Compact Exterior panels are supplied with decors
on both sides as standard. The core is made to be flame-
retardant, the surface is lightfast, and the dual-cure resin is
extremely weather-resistant.
(Fire Test EN 13501-1, B-s2, d0)
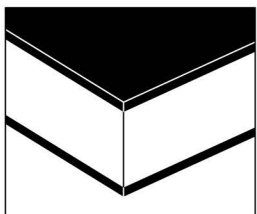

Composite elements
To fabricate composite elements, the Max Compact Exterior
F-Quality panels can also be supplied with reverse side
sanded.

Max Compact Elements
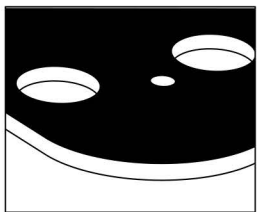

Machining Service
Fundermax offers the option of cutting the panels and
CNC machining. Using state-of-the-art systems, virtually
all requirements can be fulfilled, from simple hole drilling for
mounting facade panels to intricate machining for balcony
components.

Consultation

Make the most of our architect consultation service and the extensive track record of our application technology. Certifications, approvals, BIM objects, and technical information can be found in the Downloads section on our website or via the QR code. Materials and decorative samples can be ordered from our website around the clock.

You can go directly to the technical information for Exterior via this QR code

Tip

For a consistently light design for the interior of balconies, Max Compact Exterior panels can also be made with a white (reverse) side (0890 NT – Balkonweiss). The combination of different decors means the stated fixing distances should be reduced by at least 15%.
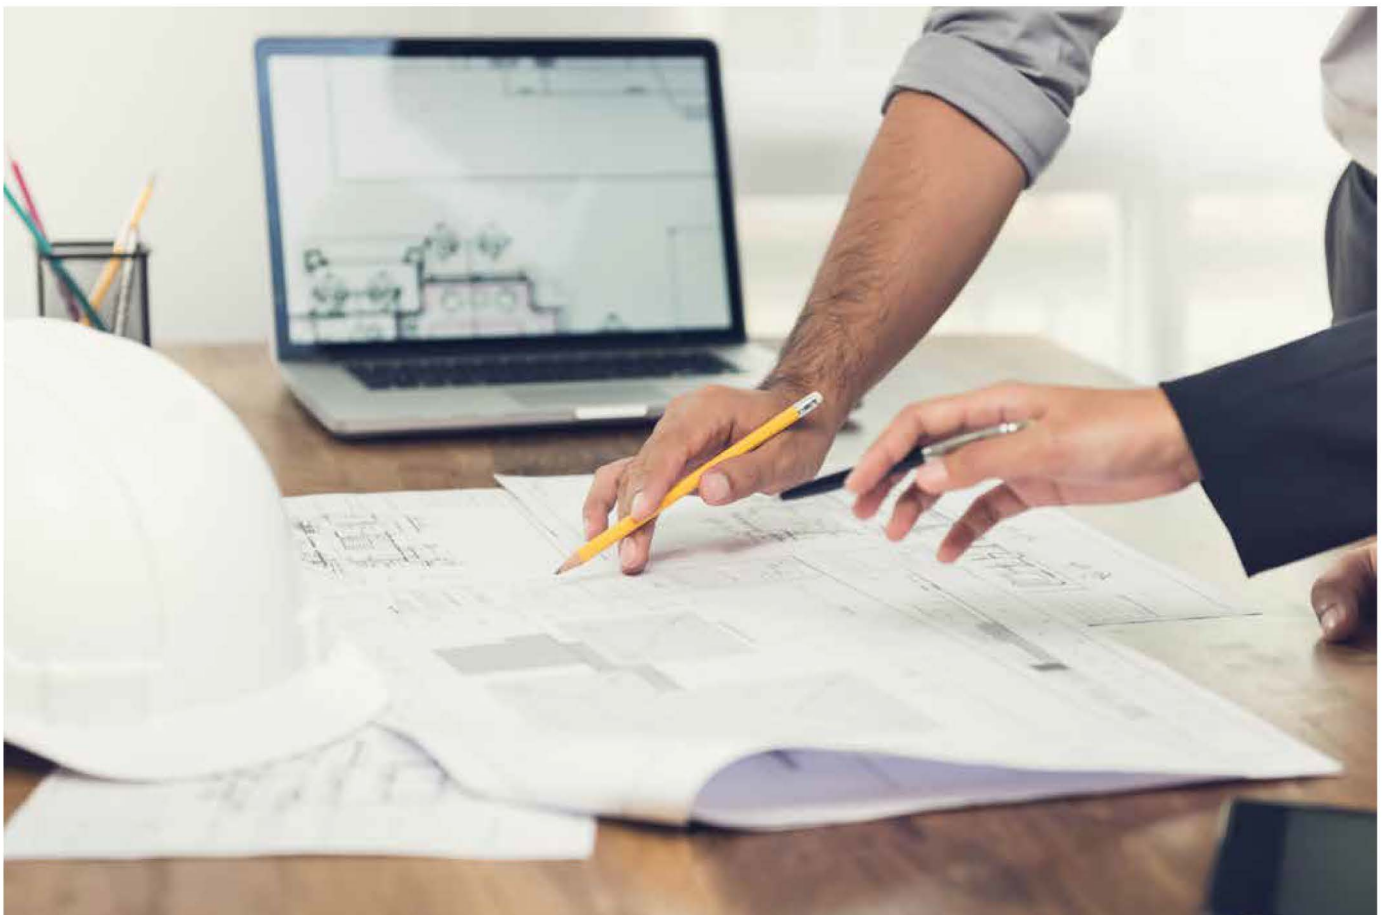

For you to create—Maximum design possibilities with Fundermax Exterior

Facades are a critical architectural element, giving a building its symbolic expression and conveying the intention of the architect. At the same time, they serve as a backdrop for the public space and urban life.

With its huge range of highly weather-resistant and optimally lightfast colours, decors, and surfaces, the Fundermax Exterior collection allows for an extremely broad spectrum of design possibilities. Fundermax custom printing offers maximum design freedom, as well as the option of choosing any shape and machined engraving, which can be designed using modern CNC systems.

Designer: László Tóth

Custom printing

With Fundermax custom printing, everyone has the freedom to design facades, balconies, and other external features that are creative and unique. Your design can either be applied to individual panels, or—as in the example shown—across several panels. This is the ideal option for large-scale images and visual impact.

4 02

Fa. Hauk factory

The new factory is a contrast to the original neo-classical facade of the Vilém Pelly spinning building, which had to be torn down after a major fire in 2020. The historic spinning building was a landmark in the town for more than a century.

The task of Graphite Studio was to give the large new, functional facade of the factory a human scale.

The unique and personalized design suits the surroundings of the site and includes diamond shapes in reference to the company logo. A total of 538 digitally printed Fundermax panels were used to create the whole external facade.

Design freedom for facade layout and surface design

Thanks to modern CNC systems, it is possible to design creative facade layouts and add accents using machined engraving. Fundermax Exterior panels are uniform in their composition, so sealing the edges isn't required.

Make use of our decades of experience in the machining of compact panels and order your project so that it's pre-sorted and ready for installation.

5 Exterior Pro Collections

Exterior Pro 2.3
Surface

Exterior 2.3 | Essential offers maximum choice of decors and maximum efficiency with the NT surface.

For designs with surface textures and visual effects, you'll find a selection of Exterior 2.3 | Essential decors with the Gloss, Sky, and Paragon surfaces in the **Exterior Pro 2.3 | Surface** collection.

Exterior Pro 2.3 | Surface

NG Gloss

NP Paragon

NY Sky

NG Gloss

Combined with solid colours, the impact of NG Gloss is bold and expressive, while with wood and other material effects, it is exclusive and elegant. The surroundings are incorporated into the design through the high reflectivity of the surface, adding to its appeal.

NY Sky

Convincing depth effect and pleasant feel—this texture is spirited, raw, and natural, and complements the range of surfaces perfectly.
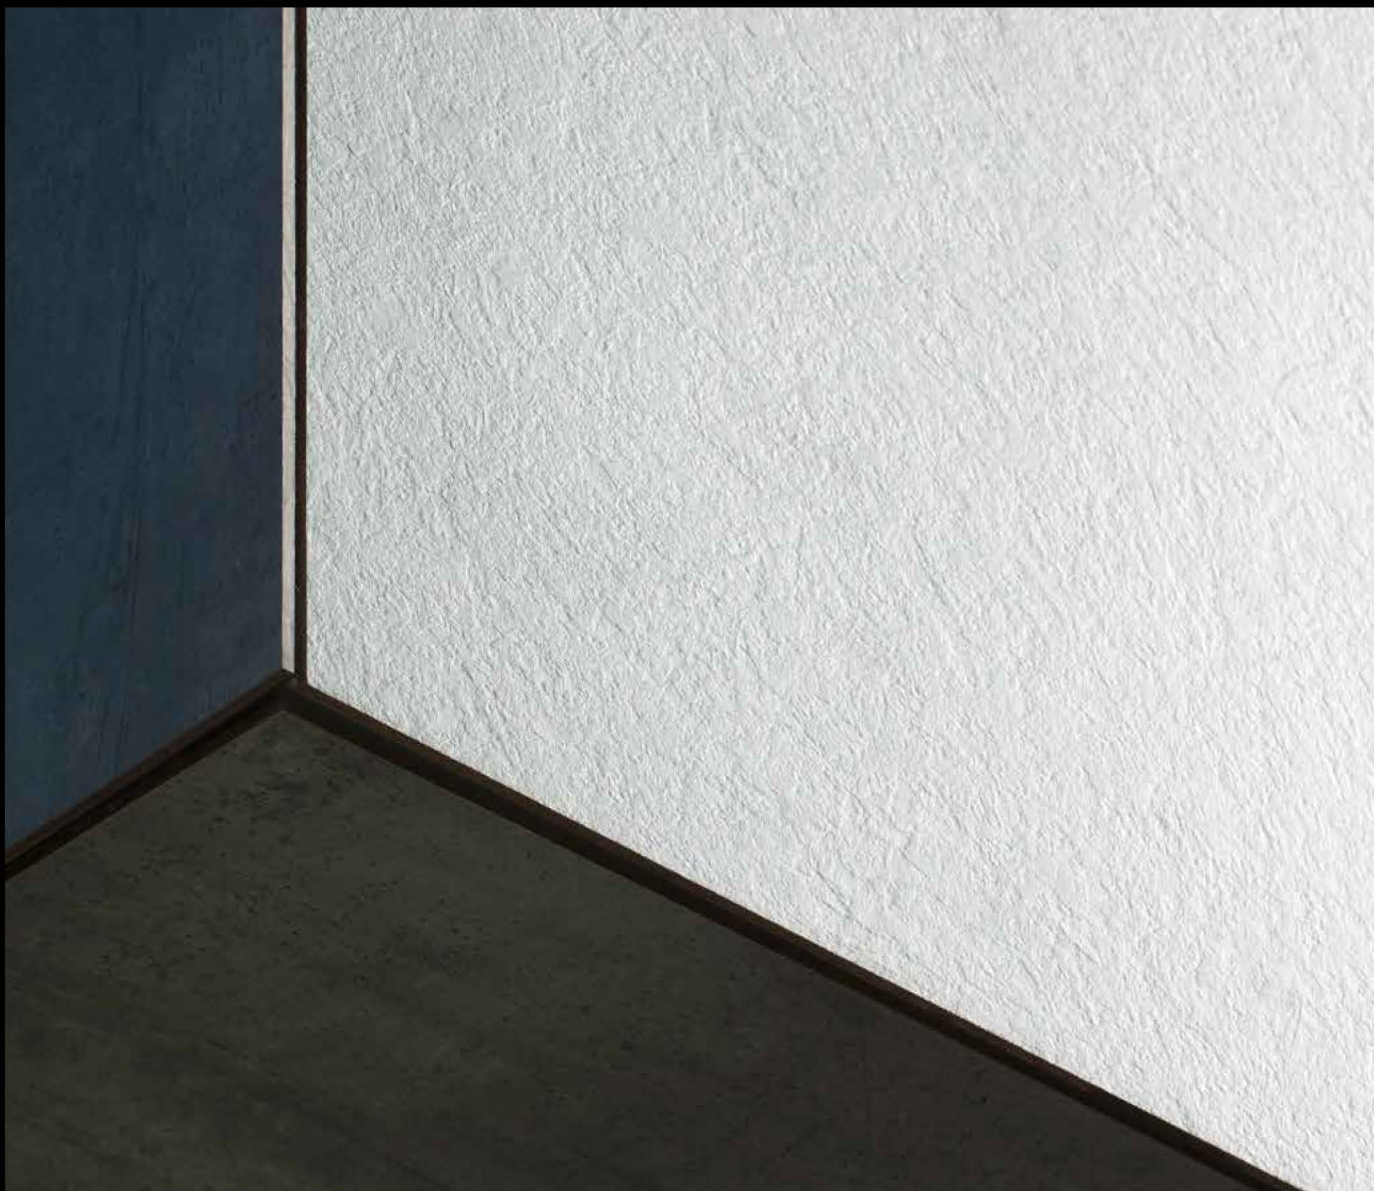

NP Paragon

This matte surface with anti-finger print technology is calming and self-assured. This is highlighted by the pleasant and high-value feel of NP Paragon.
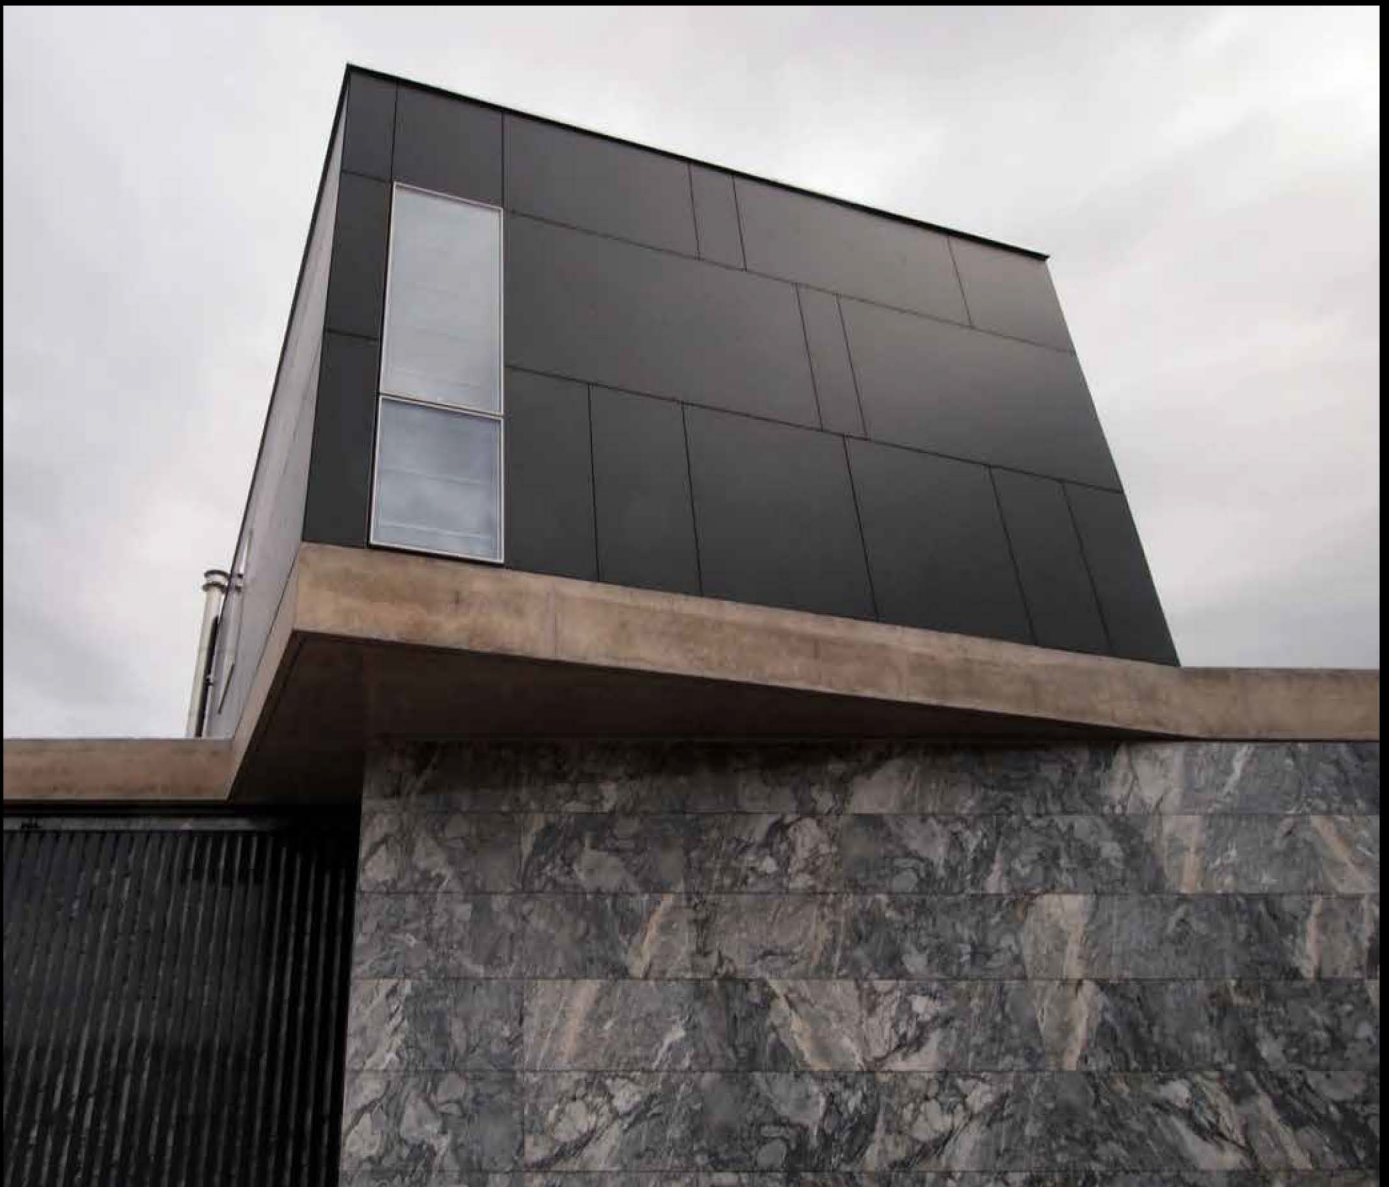

Exterior Pro 2.2
Podio

Weatherproof, slip-resistant and scratch-resistant, these are just a few criteria that our specially developed balcony panel Max Compact Exterior Podio with Hexa surface meets. Due to the easy installation by screwing or gluing as well as the slip resistance according to R10 DIN 51130 and DIN 51097 it is perfectly suitable for balconies, stairs and landings. Because of the selection of different decors, the plate leaves nothing to be desired.

Exterior Pro 2.2 | Podio

Exterior Pro 2.2
Authentic

Each decor of the Authentic Collection is available in three surface finishes:

- NT
- NY
- NH

Exterior Pro 2.2 | Authentic

Lovers of brown and natural tones can now enjoy three completely new decors, all part of the Authentic Natura (AUTN) family.

Authentic Mocca

Sometimes stronger, milder, darker, lighter—all in all, Authentic Mocca is a more than tasteful composition.
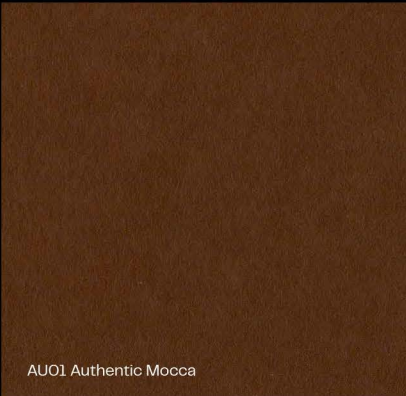

Authentic Pecan

With pecans, the treasured content is protected by a resistant shell. The same is true of a building's interior and facade. By using "Authentic Pecan" an aesthetically pleasing look can be achieved.

Authentic Caramel

Facades in a "salted caramel look" range from golden yellow to honey brown. This decor was inspired by the widely loved caramel candy with its different shades of colour.

Delivery options
o = according to current delivery times
⟋⟍ = Decor also available as Compact Interior. For details, see the Compact Interior delivery programme.
[6] = All Colour decors can also be supplied as Metallic (Duslis Overlay Glitter).
[7] = Exterior surfaces NT, NG, NH can also be supplied with 0890 Balkonweiss on the reverse side, m.look can be supplied with 5000 Avalanche on the reverse side.
[8] = This decor is available in panel thicknesses of 16, 18, and 20 mm, and in other dimensions. For details, see the Exterior Podio delivery programme.
[9] = All m.look decors can also be supplied as Compact Exterior F Quality, NT surfaces, and in XL format. Due to different types of material minor color differences are possible.
Unless otherwise stated, 2 mm panels are supplied with a reverse side sanded.
4 mm panels can be supplied with decor on both sides or with a reverse side sanded.
Protective film = NT surfaces can be supplied with a protective film for an additional charge.
The NY and NH surfaces are always supplied without protective film. The NG and NP surfaces have protective film on both side.

Notes
)1 = Details on RAL and CMYK colour systems can be found on our website: www.fundermax.com
)2 = Front side/reverse side surfaces: NG: NG/NG | NP: NP/NT | NY: NY/ NT | NH: NH/NT (NY and NH are supplied with NT on the top).
)3 = All Colour NG decors are also available as Metallic (Duslis Overlay Glitter).
)4 = NP surface be sure to follow the same direction when installing. (Turning by 90° or 180° can lead to visual differences)
)5 = Additional surfaces and decors combinations can be found at www.fundermax.com
)10 = You can find more details on Fundermax custom solutions at: www.fundermax.com
F = Max Compact Exterior F Quality. A2: m.look. For details on fire classes and approvals, see TI Exterior.
○ = New decor 2023

Surfaces
NT = NT
NG = Gloss
NY = Sky
NP = Paragon
NH = Hexa

Decor types
U = Colour
H = Nature
M = Material
S = Specials
I = Custom decor

Decor/Decor direction
L = This decor goes in a lengthwise direction.
  (Please take into consideration when arranging and cutting.)
N = This decor doesn't have a direction. It can be turned when cutting.
  (Not the case for NP surfaces. Please take into consideration the further notes on NP.)
R = This decor goes in a crosswise direction.
  (Please take into consideration when arranging and cutting.)
X = Decor on both sides
